The easiest, safest and fastest way to run your modern library. No servers. No headaches

Why Choose LybHub Cloud?

Running Koha or Folio on your own servers is expensive, slow and risky.

LybHub Cloud gives you:

- ✓ 24/7 reliability
- ✓ Automatic updates
- ✓ Free backups
- ✓ Secure hosting
- ✓ Faster support
- ✓ Better integrations

Most institutions choose LybHub Cloud because it “just works.”

Why Most Institutions Choose LybHub Cloud

On-premise and manual setups look cheaper at first, but they cost more in the long run.

- ✓ More downtime
- ✓ More IT failures
- ✓ No automatic backups
- ✓ Slow updates
- ✓ Hard-to-find support

LybHub Cloud saves time, money and stress - and keeps your library running smoothly all year.

“Focus on learning. Let LybHub handle the rest.”

Take the Next Step

Transform your library with LybHub.
Affordable. Scalable. Simple.
